NOTICE

The following information/position is being posted in connection with the filing of the permanent Application for Permanent Employment Certification. (ETA Form 9089).

The Department of Geography at the University of Utah intends to permanently employ a foreign national in the job opportunity of Assistant Professor at their Salt Lake City location, 260 S. Central Campus Dr., Rm 4625, Salt Lake City, UT 84112. Applicants must have a PhD in Geography or related field and expertise in at least one of the following geographic information science (GIS) areas as demonstrated by at least 5 peer reviewed publications: cyber GIS, geovisualization, big data, knowledge discovery, artificial intelligence, machine learning, software/application development, and/or spatial modeling and analysis. The Assistant Professor in Department of Geography will teach graduate and undergraduate courses in GIS, WebGIS, cartography/geovisualization, GIS programming, big data/cloud computing, as well as other courses in the Department; conduct and publish research in their area of expertise; procure research support; mentor graduate students; and contribute to departmental, college and university service needs. The salary for this position will equal or exceed the wage of $69,000.

Advertisements will be placed in 4/26/2020, 4/29/2020, and 5/3/2020 issues of the Salt Lake Tribune and the Deseret News. Qualified candidates must submit a CV to: Lisa Clayton, 260 S. Central Campus Dr., Rm 4625, Salt Lake City, UT 84112.

Any person may provide documentary evidence bearing on the application to the Certifying Officer of the U.S. Department of Labor:

United States Department of Labor
Employment and Training Administration
Atlanta National Processing Center
Harris Tower, 233 Peachtree Street, NE, Suite 410
Atlanta, GA 30303

EMPLOYER ATTESTATIONS:

*There is no bargaining representative for the job opportunity with the employer in the location(s) of intended employment.*

*The notice was posted for a period of ten (10) consecutive business days.

The notice remained clearly visible and unobstructed during the entire period in the location where U.S. workers could readily read it.*
