Who We Are:
Land governance stands on the edge of a revolution in efficiency, transparency, and accountability. Medici Land Governance is using blockchain and other technologies to build next-generation property and land administration systems which help individuals around the world connect with the global economy by establishing a record of their property ownership.

Our Mission:
Without clear property ownership, developing economies cannot compete effectively in the global economy. Aspiring entrepreneurs cannot access credit and public services. Governments cannot effectively generate revenue, enforce property rights, or support functioning property markets. Medici Land Governance is using blockchain and other technologies to provide user-friendly, low-cost property and land administration systems.

As a public benefit corporation, we pledge to promote economic development and full financial inclusion by helping individuals in developing countries to establish formal ownership of their property.

Medici Land Governance, a Medici Ventures company, is a subsidiary of Overstock.com.

GIS Intern

The GIS Intern works on processing drone imagery and preparing GIS data.

What You Will Do:
- Develop and maintain GIS data resources
- Process drone imagery using Pix4D
- QA/QC of the orthophotos
- Digitize the location of all property and details from original maps or drone imagery
- Develops high-quality maps, graphs, tables, and other figures that illustrate geospatial data
- Use tools for loading/transferring GIS data between different systems and for manipulating, analyzing, and presenting geographical information
- Provides technical user support for all aspects of geospatial data and software

What You Should Have:
- Background in GIS or related fields including but not limited to surveying and urban planning, geography, or environmental science
• 1+ years of experience with GIS software (QGIS, ArcGIS or similar software)
• Strong communication skills and ability to work with our staff and customers around the world

This is an internship (preferably full time) for the period of Feb 1st to March 6th, 2020.

Physical Requirements:
This position requires you to sit, stand and perform general office functions. You may also be required to lift up to 25 pounds occasionally. Bending, stooping, and reaching are also frequently required.

Equal Employment Opportunity:
It is our policy to provide equal employment opportunity for all applicants and associates. This policy includes our commitment to ensure that all employment decisions are made without regard to race, color, religion, gender, national origin, disability, pregnancy, veteran status (including Vietnam era veterans), age, sexual orientation, gender identity, or any other non-job-related characteristic protected by law.
