Human Geography
(Spring 2015: GEOG 1400)

Where is everyone in the world and what are they up to?

How do people, livelihoods, cultures, and environmental problems differ and why?

How do people affect the environment and vice versa?

What can the earth sustain through 2100 and beyond?

Tom Cova, Professor, Geography
M/W 11:50 pm - 1:10 pm, Spring 2015
